

## Product list 2025

(recombinant animal-free antibodies)

### Secondary Antibodies (Multiclonal):

| Antibody ID | Specificity (Immunogen)  | Host Fc species and Isotype | Antibody format | Conjugation* |
|-------------|--------------------------|-----------------------------|-----------------|--------------|
| gtMC001-M   | goat IgG                 | mouse IgG2a                 | IgG             | On request   |
| hMC002-M    | human IgG (Fc-specific)  | mouse IgG2a                 | IgG             | On request   |
| rbMC001-M   | rabbit IgG (Fc-specific) | mouse IgG2a                 | IgG             | On request   |

### Primary Antibodies (Monoclonal):

| Antibody ID      | Specificity (Immunogen)       | Host Fc species and Isotype | Antibody format | Conjugation* |
|------------------|-------------------------------|-----------------------------|-----------------|--------------|
| ABK149-1-E08-M   | bovine IgG                    | mouse IgG2a                 | IgG             | On request   |
| ABK149-1-E08-H   | bovine IgG                    | human IgG1                  | IgG             | On request   |
| ABK467-1-A05-M   | Calprotectin (human)          | mouse IgG2a                 | IgG             | On request   |
| ABK171-2-B03-M   | cat IgG                       | mouse IgG2a                 | IgG             | On request   |
| ABK498-E06-M     | CBD (Cannabidiol)             | mouse IgG2a                 | IgG             | On request   |
| SH313-B5-hFc     | CD30                          | human IgG1                  | scFv-Fc         | /            |
| SH1352-G9-hFc    | Cdh2 (zebrafish)              | human IgG1                  | scFv-Fc         | /            |
| SH1352-B11-hFc   | Cdh2 (zebrafish/human)        | human IgG1                  | scFv-Fc         | /            |
| HyperMyc-H       | c-myc Tag                     | human IgG1                  | IgG             | On request   |
| HyperMyc-M       | c-myc Tag                     | mouse IgG2a                 | IgG             | On request   |
| HyperMyc-Rb      | c-myc Tag                     | rabbit IgG                  | IgG             | On request   |
| MS130h-IIIC2-hFc | Crf2 (Aspergillus fumigatus)  | human IgG1                  | scFv-Fc         | /            |
| MS112-IIA1-hFc   | Crf2 (Aspergillus fumigatus)  | human IgG1                  | scFv-Fc         | /            |
| MS130i-IIIC3-hFc | Crf2 (Aspergillus fumigatus)  | human IgG1                  | scFv-Fc         | /            |
| SH1177-F3-hFc    | CRP                           | human IgG1                  | scFv-Fc         | /            |
| TOB5-D4-hFc      | CRP                           | human IgG1                  | scFv-Fc         | /            |
| ABK469-1-A05-M   | CRP                           | mouse IgG2a                 | IgG             | On request   |
| ABK169-1-E12-M   | dog IgG                       | mouse IgG2a                 | IgG             | On request   |
| SH1579-B7-hFc    | FliD (Pseudomonas aeruginosa) | human IgG1                  | scFv-Fc         | /            |
| ABK326-1-C04-M   | goat IgG (capture)            | mouse IgG2a                 | IgG             | On request   |
| ABK326-1-B10-M   | goat IgG (detection)          | mouse IgG2a                 | IgG             | On request   |
| A2-hFc           | gp41 (HIV)                    | human IgG1                  | scFv-Fc         | /            |
| ABK158-1-D11-M   | HA-Tag (N-Terminal)           | mouse IgG2a                 | IgG             | On request   |
| ABK158-1-D11-Gt  | HA-Tag (N-Terminal)           | goat IgG                    | IgG             | On request   |

## Product list 2025

(recombinant animal-free antibodies)

| Antibody ID     | Specificity (Immunogen)                          | Host Fc species and Isotype | Antibody format | Conjugation* |
|-----------------|--------------------------------------------------|-----------------------------|-----------------|--------------|
| ABK158-1-D11-Rb | HA-Tag (N-Terminal)                              | rabbit IgG                  | IgG             | On request   |
| SH1237-F8-hFc   | Hex1 ( <i>Neurospora crassa</i> )                | human IgG1                  | scFv-Fc         | /            |
| ABK206-C1-M     | human IgG                                        | mouse IgG2a                 | IgG             | On request   |
| ABK206-C1-M1    | human IgG                                        | mouse IgG1                  | IgG             | On request   |
| ABK206-C1-Rb    | human IgG                                        | rabbit IgG                  | IgG             | On request   |
| ABK206-C1-Gt    | human IgG                                        | goat IgG                    | IgG             | On request   |
| ABK131-2-C08-M  | human IgG4                                       | mouse IgG2a                 | IgG             | On request   |
| PHK121-H2-hFc   | LPS ( <i>Legionella pneumophila</i> )            | human IgG1                  | scFv-Fc         | /            |
| VIF140-A1-hFc   | RhoA/B (human, ADP-ribosylated)                  | human IgG1                  | scFv-Fc         | /            |
| ABK75-C03-M     | SARS-CoV-2 Nucleocapsid protein                  | mouse IgG2a                 | IgG             | On request   |
| ABK79-E11-M     | SARS-CoV-2 Nucleocapsid protein                  | mouse IgG2a                 | IgG             | On request   |
| ABK83-C12-M     | SARS-CoV-2 Nucleocapsid protein                  | mouse IgG2a                 | IgG             | On request   |
| ABK84-E02-M     | SARS-CoV-2 Nucleocapsid protein                  | mouse IgG2a                 | IgG             | On request   |
| ABK72-1-G09-M   | SARS-CoV-2 S1/NTD                                | mouse IgG2a                 | IgG             | On request   |
| ABK72-1-H10-M   | SARS-CoV-2 S1/NTD                                | mouse IgG2a                 | IgG             | On request   |
| ABK66-6-C10-M   | SARS-CoV-2 S1/SD2                                | mouse IgG2a                 | IgG             | On request   |
| ABK65-3-G12-M   | SARS-CoV-2 spike                                 | mouse IgG2a                 | IgG             | On request   |
| ABK68-A09-H     | SARS-CoV-2 spike                                 | human IgG1                  | IgG             | On request   |
| ABK68-A09-M     | SARS-CoV-2 spike                                 | mouse IgG2a                 | IgG             | On request   |
| ABK492-2-C08-M  | Serum Amyloid A (human)                          | mouse IgG2a                 | IgG             | On request   |
| PAS4-G7-hFc     | SMAD2                                            | human IgG1                  | scFv-Fc         | /            |
| SH544-IIC4-hFc  | SMAD3P                                           | human IgG1                  | scFv-Fc         | /            |
| PAS7-C7-hFc     | SMAD4                                            | human IgG1                  | scFv-Fc         | /            |
| SH585-IIC4-hFc  | SMAD7                                            | human IgG1                  | scFv-Fc         | /            |
| VIF090-A6-hFc   | TcdB ( <i>Clostridioides difficile</i> exotoxin) | human IgG1                  | scFv-Fc         | /            |
| SH1429-B1-hFc   | TcdB ( <i>Clostridioides difficile</i> exotoxin) | human IgG1                  | scFv-Fc         | /            |
| VIF137-E7-hFc   | TcdB ( <i>Clostridioides difficile</i> exotoxin) | human IgG1                  | scFv-Fc         | /            |
| ABK499-A06-M    | THC (Tetrahydrocannabinol)                       | mouse IgG2a                 | IgG             | On request   |
